04

Bottom line, Hemp Paste is twice as effective as CBD oil for a fraction of the cost. The problem is, not very many people know about us...yet! That's great news for you. That means the potential for growth is untapped.

I like what I've heard so far... but how do I talk about your products?

DON'T

Make claims that Hemp Paste (or any other CBD product) can CURE any disease or disability.

DO

Talk about your experience and share testimonials of others.

DO

Educate your audience on what the EndoCannabinoid System is and why Hemp helps supplement it.

Got it. What else should I know?

FALSE Many people have been misled to think that "PURIFIED CBD OIL", "FULL SPECTRUM CBD OIL", etc. is the best.

TRUE CBD is just ONE of over 500 compounds in the hemp plant. These compounds are ALL necessary for ultimate efficacy.

More potent \neq more effective

Full Spectrum \neq better results

All of our products have the COMPLETE GENETIC CODE OF THE PLANT. Meaning, we use every part of the hemp plant (minus stems) to ensure all vital components are available. By using the whole plant, you're able to achieve the Entourage Effect.
